ABOUT US

At the Glocal University, we strongly believe in harnessing the power of knowledge by combining learning with extensive application-based study and professional ethics, thus maximizing one's overall potential and nurturing a winning mentality in each of our students.

We believe in a radical approach towards education with in-depth study and international teaching techniques that encourage a practical application of knowledge along with a code of ethics, hence developing one's inner self and providing the perfect edge.

Eight major schools and 55+ UG/postgraduate/professional courses to offer Highly esteemed and qualified faculty with years of rich industry experience Sprawling 350-acre campus and world-class infrastructure State-of-the-art facilities, fully furnished hostels and recreation centres Recognized by UGC under Section 22 of UGC Act 1956 and established by the Glocal University Act, 2011 (UP Act no. 2 of 2012) (as passed by the Uttar Pradesh legislature)

Global canvass, local colours—that is what we, at Glocal, simply believe in. It is the prism that refracts all our endeavors—whether it is our architecture, curriculum design, pedagogy, hostel life, laboratories, café or the library. In short, we simply celebrate the liminal space where the 'global' meets the 'local'. We are traditional, yet we are not. We are modern, yet we are not really so. We understand the hybrid nature of the global workplace and that is why no binaries constrain us. To flourish in the world today, one cannot afford substantive and rigid visions of the good life. One has to appreciate the negotiated nature of the contemporary. That is why we emphasize reflexivity, flexibility, diversity and accommodation as key values. While that is the ethos of critical engagement, we aspire to craft, we are equally keen to develop top quality professionals for our customers: the corporate, public sector and the academia.

At the Glocal University, we are committed to producing top-notch professionals who have a zeal for perpetual learning and are capable of performing well in diverse professional and cultural settings. While we provide the students with all the tools required to successfully take on the world, we also endeavor to instill in them a healthy cultural rootedness that combines the best of traditional values with modern and progressive sensibilities.

We've

MESSAGE FROM THE VICE CHANCELLOR'S DESK

Knowledge is Power. Glocal University has made several achievements in its pursuit for excellence, in education and creating a society that is humane, inclusive and sustainable, for the past years. Our highly inspired and motivated faculty members and their involvement in academic and research activities is keeping the university in the trajectory of success. I am confident that our faculty will be able to quickly respond to the changes happening in the teaching environment and successfully transform themselves to the digitalized environment. As educators, it is our moral duty to guide and support the students and help them achieve their academic and personal goals and ensure that the benefits of education reach out the students with different abilities and needs. We should equip our students with the 21st century skill set and groom them as responsible citizens, who will give back to the community.

Our future is full of challengers and we should be prepared to face them with the determination to succeed. With the clear vision and the able leadership of our management, we will be a benchmark for other education institutions in the country. Owing to its agility, university of choice for students across the world. Let us positively move toward this objective.

Prof.(Dr.) P. K. Bharti

B.U.M.S (Bachelor of Unani Medicine and Surgery) is an undergraduate degree programme in the field of Unani medicine and surgery. This degree covers the medical knowledge of the Unani system. To pursue and owe this degree is quite enough to become a doctor (Hakim) in the Unani medical field.

Unani-tibb or Unani Medicine also spelled Yunani Medicine (Arabic, Hindustani, Pashto and Persian) is a form of traditional medicine practiced in middle-east and south-Asian countries. It refers to a tradition of Graeco-Arabic medicine, which is based on the teachings of Greek physician Hippocrates and Roman physician Galen, and developed into an elaborate medical system in middle age era by Arabian and Persian physicians, such as Rhazes (al-Razi), Avicenna (Ibn Sena), Al-Zahrawi, and Ibn Nafis. Unani medicine first arrived in India around 12th or 13th century with establishment of Delhi Sultanate (1206-1527) and Islamic rule over North India and subsequently flourished under Mughal Empire. An outstanding physician and scholar of Unani Medicine, Hakim Ajmal Khan (1868 - 1927) championed the cause of the Unani system in India.

The Unani System of Medicine is included in the Central Council of Indian Medicine as per IMCC, Act 1970.

BUMS Degree recognized by NCISM under Sec 35 of NCISM act 2020.

GLOCAL SCHOOL OF AGRICULTURAL SCIENCE

GLOCAL LAW SCHOOL

Law professionals are characterized as “Social Engineers”. Law as a profession and legal education as a discipline was not a popular choice of the students in India prior to the introduction of five year law course. In a democratic country like India, where rule of law is the driving force of the Government, legal education assumes great significance. The study of law in order to be meaningful has to be context of social realities. The legal education in India is regulated by multiple agencies including University Grants Commission (UGC), Bar Council of India (BCI), The Government and the respective University authorities. It is pivotal duty of everyone to know the law. Glocal Law School is recognised by the Bar Council of India (BCI).

GLOCAL SCHOOL OF DESIGN

GLOCAL SCHOOL OF JOURNALISM AND MASS COMMUNICATION

Glocal School of Design program is designed to provide students with a comprehensive education in the field of product design. The curriculum is structured to gradually expose students to increasingly complex subjects, ensuring they develop a strong foundation in the discipline. By prioritizing a process-oriented approach, the program encourages collaboration and teamwork among students, fostering a dynamic and interactive learning environment.

One of the key features of this program is the opportunity for students to engage in collaborative projects with industry partners, government agencies, and multinational corporations. This practical experience allows students to apply their theoretical knowledge to real-world scenarios, gaining valuable insights into the industry and building their professional network. Such projects also help students develop crucial skills in project management, communication, and problem-solving.
